

Why Learning CPR Is Important

CPR Saves Lives

Early CPR can **double** or **triple** survival rates.

Emergencies Happen Anywhere

Most cardiac arrests occur at **home**, **work**,
or in **public**.

Anyone Can Learn CPR

CPR is easy to learn.

Be Ready to Help

Know how to act in an emergency.

CPR + AEDs Save Lives

Use CPR and an AED together.

Be the Difference. You can save a life.
