

Group Education

We'll come to you! For clubs, groups, families, home-schooled youth, adults and youth alike, our safety programs can be a fun learning experience. Take a look at the program request form for a list of our most popular offerings. If you don't see one that suits your group's needs or interests, just let us know. We may be able to customize a presentation for you.

For more information, call 614-652-3947.

Please schedule three weeks in advance.
